

ESA GRANTS AND FELLOWSHIP PROGRAMMES

DO NOT MISS THE DEADLINES!

1. ESA Research Grants Programme

The research grants are intended to promote anaesthesia-related research in Europe, and to encourage anaesthesiologists to extend the frontiers of their practice or understanding.

Priority will be given to topics that have no alternative sources of funding.

Applications are sought for the following:

- Project grants of up to 60,000 euros each, to support work of up to two years duration.
- Research support grants for amounts up to 15,000 euros to assist work in progress or pilot studies.

There will be up to three grants of each type, and applications are invited for the following fields:

- Clinical research.
- Experimental research.
- Patient safety.

These grants will be awarded to start on or after 1 January 2008.

Applications must be received no later than 7 September 2007

For more information: www.euroanesthesia.org/education/research.html

2. ESA Fellowship Programme

The ESA Fellowship Programme aims to select the best trainees and allow them to visit, for a period of 3 months training, the best training centres that Europe can offer.

Criteria have been established to allow us to identify the best and most promising trainees, and the centres which can offer the best of teaching and experience in Europe: with grants sufficient to cover living expenses and learning in these centres, the ESA seeks to mix together the two ingredients, for the primary benefit of the trainees.

The programme allows for six fellowships of up to 10,000 euros each to be awarded in 2008, to cover travel, living expenses and accommodation, each for 3 months.

Applications must be received no later than 15 September 2007.

For more information: www.euroanesthesia.org/education/Fellowship.htm

Applications from already awarded fellows will not be considered.

3. ESA Travel Grants Programme

The European Society of Anaesthesiology, through the National Anaesthesia Societies Committee (NASC) awards 10 travel grants for young lecturers from East Europe to attend Euroanaesthesia meetings.

Applications must be received no later than 15 September 2007.

For more information: www.euroanesthesia.org/education/TravelGrants.htm

Applications from past travel grant recipients will not be considered.
